OBJECTIVE

Data-driven UI/UX Designer with a multidisciplinary background in Product Design Engineering, Marketing Strategy, and Mobile Application Development. Proven track record of optimizing complex workflows and building scalable design systems in Figma. Adept at translating complex user data into high-impact digital experiences and collaborating closely with engineering teams to ensure pixel-perfect, high-integrity product rollouts.

HIGHLIGHTS OF QUALIFICATIONS

- **End-to-End UX Excellence:** Experienced in leading user research, workflow mapping, responsive wireframing, interactive prototyping, and comprehensive usability testing.
- **Data-Driven Outcomes:** Successfully redesigned operational platform that **reduced user errors by 40%** and **cut approval cycles by 35%**.
- **Design System Orchestration:** Strong expertise in building, maintaining, and scaling component-driven design systems in Figma to ensure cross-platform consistency.
- **Technical Bridge:** Deep understanding of front-end engineering constraints and implications, with hands-on development experience in TypeScript, React Native, and GitHub.
- **Fast-Paced Execution:** Thrives in high-ownership, agile environments requiring rapid iterative design cycles without sacrificing attention to minutiae.

TECHNICAL SKILLS

- **Design & UX Tools:** Figma (Advanced component architecture, auto-layout, prototyping), Miro, Maze, Adobe Creative Suite (Illustrator, Photoshop, InDesign, After Effects).
- **Development & Architecture:** TypeScript, React Native, JavaScript, Kotlin, HTML5, CSS3, Node.js, GitHub.
- **Research & Strategy:** A/B Testing, User Journey Mapping, Information Architecture, Usability Audits, Data Visualization, Google Analytics.
- **Product & 3D Design:** SolidWorks, CREO Parametric, Spatial/Visual prototyping.

PROFESSIONAL EXPERIENCE

CCC Peer Engagement Support Staff (Part-Time)

Sept 2025 - Dec 2025

Student Association, George Brown College - Canada

- **Assisted in delivering health, wellness, and equity-based campaigns** (e.g., consent, harm reduction, anti-racism), contributing to student awareness and engagement.
- **Engaged students** through outreach, workshops, and community-building activities to promote **connection, care, and advocacy** on campus.

Marketing Specialist

Apr 2024 – Mar 2025

FGF Brands - Canada

- **Led the end-to-end UX redesign** of a proprietary internal labeling platform, optimizing complex, multi-step workflows for cross-functional operations.
- **Harnessed data-driven insights and user feedback to remove friction points, resulting in a 40% reduction in user errors and a 35% acceleration in approval timelines.**
- Collaborated closely with engineering teams pre-launch, serving as the guardian of design integrity by conducting detailed design QA to guarantee alignment with Figma prototypes.
- Translated highly technical business, regulatory, and engineering constraints into seamless, human-centered interface solutions.

Marketing Intern

FGF Brands - Canada

- Produced over 120 high-fidelity visual assets and UI components to optimize e-commerce layouts and catalog user experiences.
- Supported UX research initiatives through user interviews, competitive audits, and contextual usability observations to guide feature iterations.

Sept 2023 - Mar 2024

Graphic Designer

Innspira Marketing- Colombia

- Developed scalable visual frameworks and comprehensive brand design systems across 10+ concurrent client portfolios, increasing user engagement by 25%.
- Maintained absolute attention to detail across dense production pipelines, delivering over 300+ digital and print assets monthly.

Jan 2022 - Dec 2022

Junior Graphic Designer

Barakah Investments - Colombia

- Designed end-to-end visual identity systems and responsive UI prototypes in Figma for 5 startup tech platforms, directly accelerating their market launch.
- Coordinated daily with web developers to verify design feasibility, manage asset handoffs, and ensure pixel-perfect production execution.

Jan 2020 - Dec 2021

EDUCATION

Post Graduate Certificate

George Brown College – Toronto, Ontario/Canada

Mobile Application Development and Strategy Program

Courses: Full Stack, Kotlin, Cross-Platform Development, Applied Interface Design

September 2025 – August 2026 (Expected)

French Language (B2 level)

Instituto Colombo Francés – Medellin, Antioquia/Colombia

February 2025 – (Ongoing)

Post Graduate Certificate

Sheridan College- Mississauga, Ontario/Canada

Marketing Management | GPA: 3.71 / 4

Courses: Digital Marketing, Market Research, Advertising & Promotion, UI/UX Design

January 2023 - December 2023

Undergraduate degree

EAFIT University- Medellin, Antioquia/Colombia

Product Design Engineering | GPA: 4.2 / 5

Courses: Graphic Design, UX/UI, 3D Modeling, Branding

January 2017 - December 2021

Certifications

George Brown College – Toronto, Ontario/Canada

- Customer Service Excellence
- Ethics & Professionalism
- Time Management

Aug 2025

INTERESTS

- Poetry Contributor – Designios del corazón: versos de amores en ruinas (Itabooks, 2022) Contributed a poem selected for an international print anthology, showcasing literary creativity and storytelling skills. [View publication](#)
